To Whom it may concern,

I am writing to express my interest in the position at your organization. I have a strong passion for design, marketing, UX/UI and advertising and I want to explore and learn the world of design and marketing. I also have a solid foundation in graphic design and UX principles. I am excited about the opportunity to contribute my skills and creativity to your team. I'm a graduate at Humber College. I graduated from the diploma program Advertising and Graphic Design and I am currently pursuing a degree program Bachelor of User experience design at Humber College. Throughout my learning and studying in my field of study at Humber it has equipped me with proficiency in industry-standard design software such as Adobe Creative Suite, including Photoshop, Illustrator, and InDesign, along with my efficient use of Figma for UX projects. I am confident that my skills and enthusiasm for design make me a strong candidate for this internship position. I look forward to the opportunity to discuss how my skills align with your needs.

**Sincerely,
Nathan Chua**
